EXTRA CURRICULAR ACTIVITIES

With this end in view, a number of activities such as Talent Hunt, Inter College & Intra College Quizzes, Debates, Declamations, Folk Song & Poetry Recitation competitions were held in the college during this session.

The college is likely to usher in an era of not only making the college tech savvy but will also encourage tie ups with related industries/ institutions of higher learning at the national and international level with the help of the facilities available in the IT Block. The IT block is fully A. C. with four computer labs fully equipped with latest technology & Nebero internet software management solutions, Conference Room, Video Studio, Skill Development Lab, Multipurpose Hall , Placement and Career Unit & twelve teaching rooms. It is worthwhile to mention that there are special facilities for physically handicapped students in the block. The Chandigarh administration has cleared all decks for the installation of a Lift in the block which would be first of its kind in an institution of higher learning.

The college would initiate academic endeavour for the introduction of various courses as per demand of the global market in the area of Cyber Crime , Animation , Web Designing, Information Technology, e-Governance , e-Learning and e-Business as these courses have great potential of employability in the Indian and global academic market.

However, the vision of the college as a self-sufficient institution will remain unfulfilled until some more facilities like

- ❖ Advanced Science Block**
- ❖ Swimming pool**
- ❖ Extended parking area**

- ❖ **Underground parking**
 - ❖ **Additional housing units for non-teaching staff**
- are not added to the existing infrastructure.**
