**7.2.1 Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.**

**Index**

<b>Sr. no</b>	<b>Particulars</b>	<b>Page No.</b>
<b>1.</b>	Women Cell-An Emotional Space	3-8
<b>2.</b>	Social Entrepreneurship, Swachhta and Rural Engagement Cell (SESRE)	9-28

## I.) Women Cell: An Emotional Space

The women cell began with a distinctive purpose of providing an emotional space for the students of the college. It has become a significant part of the institution and plays a vital role in the empowerment of young girl students. Our college runs a women cell and offers a space for “Personal and the Private”.

This cell works on the principle of anonymity and commitment of being non judgemental or biased, to hear and gently suggest. The complex issues that they encounter often needs to be dealt with serious consideration and concrete action.

Women cell offers a space for young girls to freely express their anxieties and find solutions through counseling or any help required in specific situations.

**Vision:** 1. Enable the girls to participate in the process of decision making.

2. Facilitate them in the process of identity formation and personality development.

3. Encourage them to develop a feeling of self worth.

4. To build confidence by encouraging them to discover their capabilities and potential.

5. To develop a positive self image responsive to contributing to the society.

Keeping all the above objectives in mind various activities are organized throughout the year by various departments to meet with the above goals. They are the following:

**1. Awareness Talk:** Women Cell and Internal Complaints Committee of PGGCG-42, Chandigarh, organized an awareness talk on ‘Sexual Harassment of Women at workplace (Prevention, Prohibition and Redressal) Act, 2013’ on 2nd December, 2022. Prof. Nisha Aggarwal gave a floral welcome to Dr. Ameer Sultana, the Resource Person and also appreciated the initiative of the ministry of women and child development for spreading awareness for a safe and secure work environment. Dr. Ameer Sultana, former chair person, Dept of Women Studies, Panjab University, Chandigarh, gave a very informative lecture on the relevance of the S H Act. Talking about the key points of the Act, she stressed upon the need to provide safe environment for women at their workplace. Awareness in women about their legal rights is very important to ensure a safe and gender just society. About 50 members of Teaching and Non-teaching staff attended the talk. The lecture loaded with valid information was well received and the queries raised were answered to their satisfaction.

**2. Girl Child Day :** Women Cell and Gender Equity Society of PGGCG-42, Chandigarh celebrated Girl Child Day on 23rd January, 2023 in the college campus. Ma'am Principal, Professor Nisha Aggarwal, the staff and the students wore pink turbans, dupattas, sweaters, jackets, headgears or pink ribbons and dresses to spread awareness for the cause of girl child. The message was loud and clear that we need a society which gives to every girl equal opportunities in education, professions, right to live and decision making. The male members of the teaching and non-teaching staff also wore pink turbans and scarves to show their solidarity for equal and gender just environment.

## **II.) SOCIAL ENTREPRENEURSHIP, SWACHHTA AND RURAL ENGAGEMENT (SES RE) CELL**

Date of Constitution: October 2022

A) Entrepreneurship development programs designed under the guidance of MGNCRE to nurture and empower aspiring entrepreneurs of the institute. These programs played a crucial role in fostering innovation and job creation in the students of our institute. Formation of 'Social Entrepreneurship, Swachhta, and Rural Engagement Cell' (SESRE) is a platform that provides willing students with several opportunities to showcase their talent and helps students skill for employability. Social Entrepreneurship Cell strived to develop students' entrepreneurial spirit and abilities.

B) Formation of 'Five Student Self-Help Groups' UNDER SESRE Cell – Each SSHG has 5 student members, one student in charge, and one teacher in charge from the faculty. At the institutional level, it harnesses the creative talents of students to foster enterprising activity among them. student sales counters JAYKA and HUNAR Muffins and idlis made by students of Jayka on demand were sold. Jewelry, decorative items & handicrafts made by SHGs are displayed for sale at reasonable prices for the stakeholders in their departments and they cash out their products in day long bazaar.

### **Working of SES RE Cell**

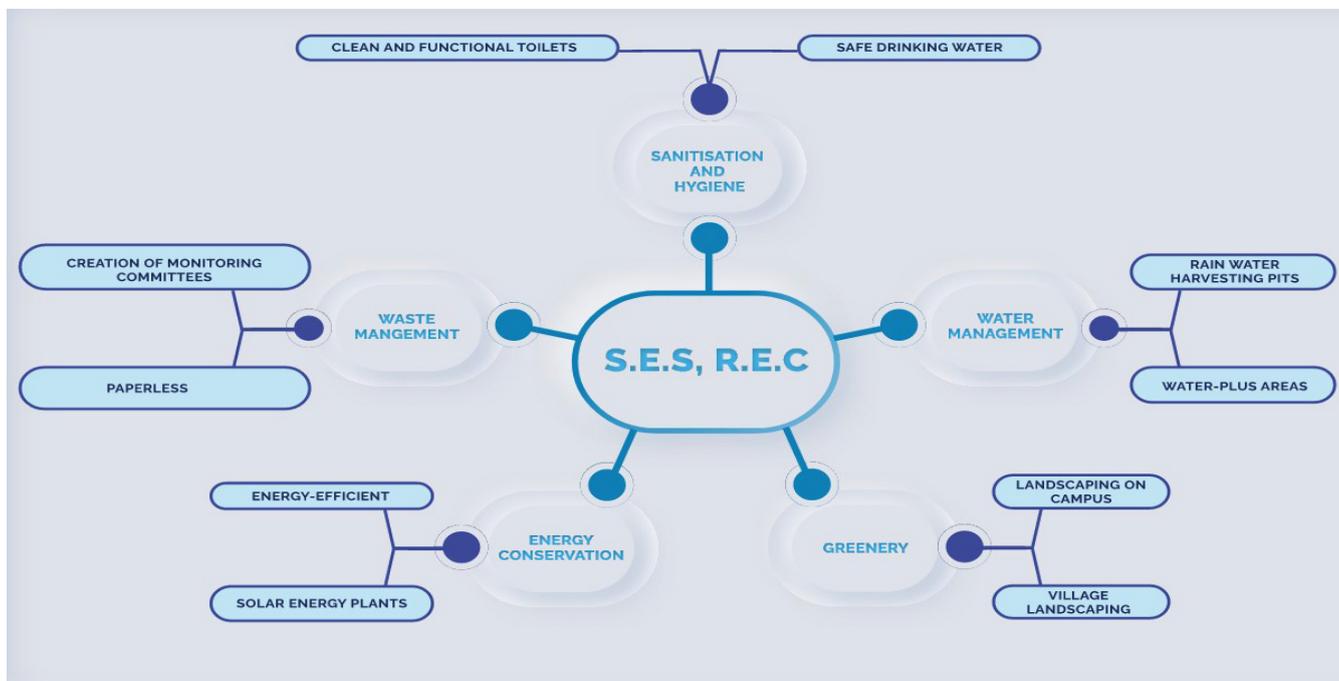

Postgraduate Govt. College for Girls, Sector-42, Chandigarh is now recognized as a part of the Social Entrepreneurship, Swachhta, Rural Engagement Cell. SES REC was launched by the Ministry of Education, GOI under the Mahatma Gandhi Council for Rural Education (MGNCRE). As part of this initiative; Institute has created 5 groups that work in-campus and outreach community work. These self-help groups are led by faculties from different departments and one Nodal officer,

The idea of SES-REC in the institute was initiated initially in response to the GUIDELINES by the Mahatma Gandhi National Council of Rural Education at the behest of the Ministry of Education. SES RE was constituted to inculcate and internalize in our faculty, students and community, the values of Mentoring, Social Responsibility, Swachhta and Care for Environment and Resources. Institute is working hard on five suggested parameters of Environment Sustainability.

### **Mind of SES REC**

#### **Policy Statement:**

A Social Entrepreneurship Swachhta & Rural Engagement Cell (SES REC), recognized by Mahatma Gandhi National Council of Rural Education, to work for improved conditions in the areas of Sanitation, Hygiene, Energy Conservation, Water Management and Waste Management, not just within the college campus but outside in the local community, along with the purpose of promoting Rural Entrepreneurship and Social Engagement among the students.

### Objective

The ultimate goal of SES REC of postgraduate Govt. College is the realization, even if on a smaller scale, of the twin visions of Swachh Bharat (program launched in 2014) and Aatma Nirbhar Bharat (launched in 2020) - visions envisaged by every citizen of our great country. We hardly need to be reminded that the ideas of Swachhta (Cleanliness) and Aatma Nirbharata (Self-Reliance) have been an integral part of India's tradition for ages.

### The Rationale

For Mahatma Gandhi, the secret of reviving India's economy, One step in the right direction would be the promotion of social entrepreneurship by the institution. Social entrepreneurship is a humanitarian alternative to profit-oriented business set-ups and seeks to create employment and boost the small-scale industry. At the institutional level, it harnesses the creative talents of students to foster enterprising activity among them.

#### Plan of Action a) To organize day-long bazaars b) To set up SHGs student sale counter

Social Entrepreneurship and Rural/Community Engagement programmes will aim at inspiring, guiding and supporting the students to fulfil their dreams of becoming successful entrepreneurs. Students would be encouraged to come forward with their innovative ideas under the guidance of the Social Entrepreneurship Swachhta & Rural Engagement Cell (SES REC) of the College. The Cell will undertake programmes as declared by MGNCRE from time to time. It will organize observances and celebrations to commemorate special events and thereby instil a sense of self-confidence and shared heritage and create a sense of both institutional and national pride among the students.

### **About Student Self Groups in Post Graduate Govt. College for Girls, Sector 42, Chandigarh.**

Postgraduate Govt. College for Girls, Sector 42, Chandigarh has started student self-help groups under the aegis of SES REC in the institute. The formation of SSHG in the institution is a small step towards entrepreneurship and student engagement in skill-based work that will be helpful with skill-building for entrepreneurship and workmanship among the students along with their degree courses.

SES REC and SSHGs are supervised by Ms. Sunita Kumari, Nodal Officer under the direction of MGNCRE. The MGNCRE is an advisory interface for the Government of India. The council engages with institutions for taking forward experiential learning, community engagement, mentoring, and facilitation for institutional social responsibility, vocational education, skilling for employability, sustainable development, and rural and social entrepreneurship.

Taraashna, Kitchen Stories, Green Warriors, Sambhav, and Gulkari are named to student self-help groups. Each SSHG has four student members and one student in charge other with one teacher in charge from the faculty from different depts.

For better coordination among members of the SSHGs, regular meetings have been conducted. Separate Whats App groups are also made to convey information in short intervals. A record of each activity has been maintained in the SES RE office. Following student, self-help groups are working in the institute

'HUNAR' student sale Counter is selling products made by students

We have started making keychains, car hangings and latkans for women kurta/ lehngas with traditional embroidery phulkari. That is a big hit and on-demand, we are preparing 50 more pieces to complete the order.

## Skill Based Workshop on sustainable reuse of resources

**Name of the activity:** Waste to Germination (Making of Seed /sapling containers from used milk packets) - REUSE

**Brief report:** “Give discarded Plastic - Take Away Gift” was started in the month of January by collecting used plastic milk packets. Anjali, Harmandeep, Nisha Gungun and Shikha collected empty milk packets from neighborhood, college canteen and milkshake corner in the college campus for up-cycling in nursery. Message is also circulated in students and staff of the college that results in huge collection of used milk poly bags and in return all were rewarded with a sapling for motivating them to keep the movement going further. Around 350 Milk polybags has been collected that were used to plant the seeds and saplings in it. Around 150 saplings were preserved in green house of the college and around 170 are donated to local nursery for the promotion of milk

poly bags as an alternate of black poly bags used in nurseries.

**Reuse of used milk packets for germination in nursery – a good alternate of black panni**

**Name of the activity:** Waste to Art – RECYCLE

**Brief report:** A skill-based hands-on training workshop on art from waste is organized. Workshop was started with an interactive session with self-help group members of the pggcg42 . Mr. vinod assistant Professor in fine arts give training about how to create art piece from used material. Students understood the concept of 3R; s Reduce, Reuse and Recycle to manage waste. Participant have used discarded diwali stuff, karva chauth stuff and matkas, kulhars from local biryani by kilos shops. Workshop was highly appreciated by stakeholders.

Success – College staff place order for the same to decorate their homes. SES RE Cell will make it available for them with the help of these volunteers at reasonable price for a startup.
