**Responses: Give observation / suggestions to improve the overall teaching – learning experience in your institution**

- More Classes for Communication, Soft skills, Employability skills
- Quiet well educated staff, All the staff members are hardworking , The College provides good opportunities to learn
- Everything is good
- More Frequent use of ICT tools in classes.
- Staff members are very less, there must have enough teachers to take lectures
- The teaching faculty is doing a very good job . Their should be some break time in between lectures to give relaxation to mind and boost the energy of learning.
- Projector must be Work, chemicals must be present for all the students in chemistry lab, apparatus will be properly work
- After every chapter there should be interactive discussion on that chapter so everyone will able to understand more and learn more
- More emphasis on skill based learning & promoting entrepreneurial skills.
- There should be more focus on field/practical work
- More events and Industrial visits
- Motivational speech by professional speakers
- Projector should not be used for teaching mathematics
- My overall learning experience is excellent
- In my institution...Our teachers always encourage us to participate in extra curricular activities so that we can maintain balance between study as well as in extra curricular activities
- To use white board for maths classes.
- practical apparatus should be of good quality.
- MST practical should be cancel
- The practice of making files(practical files) and all should be eliminated from our education system. However more attention should be paid on doing lab experiments.
- Burden should be reduced for medical and non medical students so that they can also indulge in other curricular activities
- I don't think there is any need of suggestion
- More micro teachers required.
- Scarcity of teachers .
- More funds should be provided for practicals
- Most of the teachers are cooperative and punctual
- Regular assignments are provided and discussed
- Teaching methods involve good use of real life examples
- The right way to teach math is by board not through projector.
- Using projector mostly, visiting in zoo or botanical Gardens, dissection experiments.
- There are no teachers for some subject
- Not only this I would like to suggest you that masters should be practical enough to prepare them for better jobs thereby enhancing their skills.
- Visit to banks or places of practical learning
- Teachers give one test in a week
- More internships opportunities.
- Friendly approach of the teachers towards to the students.

- Class strength should be somehow reduced.
- Opportunities to visit different fields, to indulge student from science field into extra cocurricular activities, should be extra class of personality development
- Opportunities to visit research centres, to indulge students from science field into extra co-curricular activities, Teachers should focus on personality development of students from respective fields...
- The class syllabus must match with industrial requirement.
- Motivational seminars
- Educational 1 day trips
- There are dogs in the college which are bad
- Gym and library timings must be extended for students
- Chalk availability
- collaborating with companies to give internships
- Provide Motivate to every student
- To motivate students about future plans

**Responses : Give observation / suggestions to improve the infrastructure (College and Hostel) in your institution.**

- Ramp for luggage
- Washroom cleanliness and hygienic washrooms to be checked
- College is very well maintained
- Cleanliness of the washroom and make sure there water is running.
- Cleanliness of canteen area and there should be good and healthy food.
- Entrance of the college should to be more attractive.
- Cleanliness in food shops in parking.
- Our college is quite decent and attractive in terms of all aspects all good
- Mess food
- Ground should be used more often for other activities other than sport.
- There should be some infrastructure in college to harvest Rain water.
- Good and Nice place
- It's already good in infrastructure
- Remove dogs as they are wandering in canteen area and sometimes in the classrooms.
- More hostel staff is required
- There should be backup for the time when electricity is not there
- Permission for more outing, hostel trips should be arranged
- Involvement of teacher's in student's problem is excellent
- Varieties of food items should be increased in canteen
- There should be proper coolers or ACs in each student room, Cooler's will be provided in each student room.
- Everything is perfect
- Satisfactory infrastructure is there in our but no of fans should be increase in every room
- More building should be made to have separate departments

- I am satisfied with all facilities.
- It's quite difficult to attend a lecture in those rooms during winters whose windows are not well maintained
- More lights, space increases
- Keep the campus ground clean
- There should be a separate room where we could study from mobiles.
- Open gymnasium, and library should be open for 24 \*7 hours
- Spaces for development of talent , entertainment and game's , sports
- Try to reach every students and ask for their doubts
- Proper management of dustbin
- For decoration of infrastructure they can use waste material
- By reducing attendance pressure
- Little bit designing on the walls
- No of source of entertainment and fun
- Doctor's room should be there
