

Post Graduate Govt.College for Girls, Sec-42, Chandigarh

Capacity Building Workshop

Summary of the Event

Date: 25.02.2016

Capacity Building Workshop **“To Generate Innovative Ideas and Knowledge – A Step towards Interdisciplinary Approach”** was organized under the aegis of Department of Higher Education **under RUSA scheme** at **Post Graduate Govt.College for Girls, Sec-42, Chandigarh**. On the 6th day of workshop informative lectures were delivered by Dr. Madhuri Rishi and Dr. Neelam Gulati Sharma. Dr. Rishi emphasized on the need for water conservation and suggested many innovative strategies. Rain water harvesting can be a boon for water conservation and can solve water scarcity problems. The role of interdisciplinary research to solve the multifaceted problems of today’s world was explained beautifully by Dr. Neelam. She further simplified the concept of interdisciplinary research by sharing some of the successful ventures of Punjab State Council for Science and Technology. Dr. K .K. Bhasin introduced participants to the fascinating world of chemicals through his informative talk.
