Report on Mentorship in Viksit Bharat Buildathon Challenge 2025

The Ministry of Education, Government of India, launched the *Viksit Bharat Buildathon Challenge 2025* with the objective of fostering innovation, design thinking, and problem-solving skills among school students. Under this national initiative, Post Graduate Government College for Girls, Sector 42, Chandigarh (PGGCG-42), served as a mentoring institution for four schools of the Union Territory, Chandigarh.

PGGCG-42 faculty and student mentors guided the participating school teams from GMSSS Sector 39 C, GMSSS Sector 37 B, GMSSS Sector 20 B and GMSSS Sector 14 West, Chandigarh, providing continuous support in ideation, project formulation, prototype development, and presentation skills. Regular mentoring sessions were conducted on campus and through online modes to help students refine their innovative solutions aligned with the themes of the Buildathon.

The mentoring process emphasized creative thinking, sustainability, and practical applicability of student projects. The initiative successfully strengthened school-college collaboration and encouraged students to develop a scientific temper and innovative mindset. PGGCG-42's involvement in the Viksit Bharat Buildathon Challenge 2025 reflects its commitment to promoting innovation and nation-building among young learners.
