

Post Graduate Govt. College for Girls Sector-42, Chandigarh

Report

The Health Society of PGGC-42 had organised an extension lecture to create awareness of vector borne diseases like malaria and to celebrate World Malaria Day which falls on 25th April. It was organised on 22 April 2026 in the Mini Conference Room from 11:30 onwards.

Dr. Inderpal Singh Sahni, State Epidemiologist under Integrated Disease Surveillance Programme (IDSP) and National Vector Borne Disease Control Programme (NVBDCP), delivered a lecture and gave a presentation on malaria.

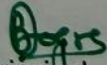

Another speaker from the Health Department, Dr. Vandana Thakur, State Entomologist working under the Integrated Disease Control Programme and serving as a consultant for the National Programme for Non-Communicable Diseases, also gave her presentation.

About 10 faculty members and around 65 girls attended the extension lecture.

Another Red Ribbon Club activity was organised on 22nd April 2026 at 12:30 in the Mini Conference Room.

This session was for students regarding NACO new initiative and AIDS control. Mr Jitender Dahiya from the AIDS Control Society gave his presentation. About 65 girls attended this session.

Both the events created awareness among students. Girls were given refreshments at the end of both events.
